

FOREIGN BROADCAST INFORMATION SERVICE HONG KONG BUREAU

MHK-0050 7 April 1982

MEMORANDUM FOR: Director, Foreign Broadcast Information Service

THROUGH: Chief, Operations Group

SUBJECT: Monthly Report--Hong Kong Bureau--March 1982

I. GENERAL

China Conference--Bureau staffers attended sessions of the China reporting conference held at the Consulate 8-10 March. The meetings were chaired by Consul General Burt Levin and DPO Richard Williams and included officers from the consulates in Guangzhou, Shanghai and Hong Kong, the embassies in Beijing and Tokyo and AIT Taipei. Various questions pertaining to PRC economic, political and military matters were addressed. The conference also provided bureau staffers with the opportunity to discuss continuing requirements for FBIS material with the participants.

State Inspectors--On 11 March the bureau chief met with State Department inspectors Edmundson and McElroy. Following a briefing on the bureau's operations, general consulate support for the bureau, the FSN classification system and bureau support to the consulate's political section were discussed.

II. OPERATIONS

A. Editorial/Monitorial

Xinhua Coverage -- The Xinhua portion of the bureau's Xinhua-Zhongguo Xinwen She circuit this month produced a number of significant items. Until now we have been able to concentrate our efforts almost totally on Zhongguo Xinwen She, reasonably assured major Xinhua items would be covered from Okinawa Bureau's circuit. Recently, however, Hong Kong has monitored high precedence Xinhua material ahead of Okinawa, and steps have been taken to ensure that such material is dealt with promptly, even at the risk of occasional duplication of effort between the two bureaus.

Beijing Television Coverage -- In response to increased headquarters interest, measures have been instituted to expedite the exploitation and dissemination of videotapes from Beijing television. Among other things, in the future it will be possible to send urgent videotapes to Washington by commercial air on a same-day basis. Editorial selection
